

SMALL BOY CRIPPLE
MOVING TRAIN AND
LOSES HALF A FOOT
Frank Brault Will Be a Cripple for Life.
ANOTHER LESSON TO BOYS
WHO STEAL RIDES ON CARS

The practice of playing around the trains in the Santa Fe yards by the young boys of the city has again resulted seriously and will make one boy a cripple for life. Frank Brault, son of Mrs. J. M. Brault, who conducts a store on North Broadway, is in the hospital with half of his right foot amputated, as a result of this foolish practice. Frank, who is about 10 years old and small for his age, caught the rods underneath an express car on No. 2 as it was leaving the yards yesterday afternoon, near Tijeras avenue. He hung on and to the shock of the bystanders, he fell on to the tracks. He slipped and fell along the track and the rapidly moving train caught the outside of the right foot, fracturing the bone. A crowd gathered and the boy was conveyed to the St. Joseph's sanitarium in a hack, where he was attended by Dr. J. H. Wroth, the company surgeon.

Alfred Lazzari and his brother were a short distance from the boy when he caught the rods, and say it is a miracle that he was not killed. A number of boys who live in that end of the town have been arrested for riding trains, and only yesterday morning three of them were sentenced to five days each in police court but were released, on their promise to be good and to keep out of the yards. The well-known local employes have been kept busy keeping the boys off the trains. They say that they are in constant fear that some of the boys will be killed or maimed for life, as was the case yesterday.

A number of little urchins, and some big ones, have been in the habit of riding up to Terrillillo in the morning and returning in the evening. The injured boy will be laid up for some months and he will be several weeks before he will be able to be out of the house. His mother did not know anything of the accident until advised by the hospital attendants. She says that she has repeatedly warned the boy, but that he has disobeyed her.

The Decline of the Mule.
Seattle, Wash., Nov. 26.—Electric locomotives will displace mules in both the Black Diamond and Coast Creek mines, owned by the Puget Sound company, the new system to be installed by the first of the new year. Forty-seven mules now living underground will be displaced, brought to the surface and sold. Some of the mules have not been on the surface for between ten and fifteen years.

Mining engineers claim the mules can be brought out of the depths of the mine and into the sunlight without affecting their eyesight seriously. They work underground by the aid of miners' lamps, and the new system to be installed where electricity is used for lighting. These two mines are not gaseous. In the gaseous mines of the company an attempt was being made to use an alternating current to run electric locomotives.

AMATEUR THEATRICALS ARE EXPECTED TO MAKE A BIG HIT

One of the merriest, gayest, jolliest, prettiest little theatrical performances ever seen in Albuquerque is to be held on the night of December 1st at the Elks' opera house under the auspices of the Woman's club of Albuquerque. Besides being a theatrical event it will also be the leading social event of the season. All the members of the club are well known members of Albuquerque society and this gives an added interest to the performance, aside from the fact that it is given under the auspices of the leading women's organization of the city. The cast is as follows:

Major McCool, a retired Irish major.
Mr. L. J. Wilson.
Charles Fiedler, the former Temple.
Mr. Kirk Bryan.

FINE HARNESS RACE
PROGRAM ARRANGED FOR
First Annual Territorial Celebration
Promises To Be a Big Success From the Start.

The final arrangements are being made for the Arizona territorial fair and the prospects are for the biggest meeting of the kind ever held in the territory, says the Prescott Journal-Miner. The tracks are finished, and are pronounced by horsemen to be as fast as any track can be. The grand stand has been completed, and is a substantial structure that will hold 3,000 people. The training stables are now filled with horses being put in condition for the races, and it has been found necessary to build sixty additional stalls for the accommodation of the exhibition and racing horses yet to come. The harness racing will undoubtedly be the best ever held in this section. The free for all race known as the Bisbee stake has two of the fastest horses in the country entered. Hazel Patch, 2:02 1/4 and Zerk, 2:03. In the 2:17 pace, the Clinton and the new system to be installed by the first of the new year. Forty-seven mules now living underground will be displaced, brought to the surface and sold. Some of the mules have not been on the surface for between ten and fifteen years.

THE OLD WAY AND THE NEW
Some Important Facts Which May Prove Helpful.
Thirty years ago old-fashioned cod liver oil had to be forced down a patient's throat. Invalids couldn't take it and children wouldn't. But the doctors prescribed it. And it had to be taken by force. Yet when enough could be taken into the system it was beneficial. For it has even been the greatest of all tissue builders and general reconstructors known to medicine.

We are now anxious to have every one know that Vinol is a new form of this very old and valuable remedy, cod liver oil. It contains in a concentrated form all the medicinal elements of cod liver oil, actually taken from fresh cod livers, but by a new process it is made without oil or grease, and it is as delicious to the taste as a fresh orange.

Vinol does not upset the stomach like old fashioned cod liver oil and emulsions; its strengthening and healing properties are remarkable, and both doctors and patients are delighted with its action.

Many wonderful cures right here in Albuquerque have been effected by its use, and we ask all of our customers to try Vinol on our guarantee to return money every time it fails to make sick and red blood, increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, run down, tired and debilitated, or cure chronic colds, hacking coughs or bronchitis.
